

Tah Wah Pays It Forward

Having built our company on the core vision to be a distinctive developer and creating homes that would serve to enrich people's lives, we have made tremendous progress within the short years from when we first established. This great success is impossible without the constant support from our loyal customers, and thus, it is imperative for us to give back to the community in which we belong.

Tah Wah Group's corporate social responsibility (CSR) programmes encompass a wide range of activities, from donations to schools in support of quality education, to cultivating environmental awareness and preserving the beauty of Mother Nature.

In advocating for a cleaner, greener Penang, one of our recent projects was the refurbishment of the Anjung Bagan recreational park in Butterworth, which was completed on 26 September 2013. We believe in taking little steps to accomplish great things, and with this project, the Group hopes to contribute to, and spearhead a healthier way of life.
